

The Muri Beach Club Hotel is located absolute beachfront on the Eastern side of Rarotonga, the main island of The Cook Islands. One of the more prominent features of this side of the island, particularly Muri Beach, is the protection and feature that the offshore islands offer. The Cook Islands is a group of 15 islands scattered over two million square kilometres of the Pacific Ocean. All currency is in New Zealand Dollars making it a popular destination for the New Zealand traveller and for those further abroad, excellent value for money. The climate ranges between 26 and 31 degrees Celsius in the Summer months of November to March and in July to September from 19 to 25 degrees these being the Winter months. Rarotonga's main industry is Tourism, followed by Agriculture and a Black Pearl industry.

With only 32 kilometers of road circling the island Scooters, Convertables and Bicycles are a perfect means of transportation with lots to discover and enjoy along the way. Within walking distance of your hotel are cafes, restaurants, a dive centre, shops, inland treks and full cultural events centre. Muri Beach is fast becoming a village within a village.

The Muri Beach Club Hotel welcomes you to experience all these delights and the real rhythm of Rarotonga.
